

# Treaty Oak Revival, One Time Thing

Bring it on back, back to square one  
I was a no good lying, two time, one lining  
Backwards son of a gun  
Tell me your name, and honey where are you from  
I've been going to this bar for too damn long  
And I ain't seen you once  
Who you here with, and baby do you have a man at home  
Cause if you ain't got one and you want to have some fun  
I got a place we can go

I'll be three sheets to the wind when the lights come on  
When the lights come on  
I got a motel room and a bottle of booze that we can put our names on  
We can put our names on

Cause I'm just looking for a one time thing  
I don't want four years and a ring  
Because it all just feels the same  
When I'm looking for a one time thing  
I'm looking for a one time thing  
I don't care if you're gone the next day  
Because it all just feels the same  
When I'm looking for a one time thing

I take it all back, every single word that I said  
Maybe you've got second thoughts in your mind  
Maybe you want to stay instead  
Aw hell, an baby you're the one  
You're the one that I've been looking for  
It was a one night stand after all  
You can stay or you can go

Well I was way to drunk last night, to tell the truth  
To tell the truth  
You know the sober mind does your body fine, when I'm looking at you  
When I'm looking at you

Cause I ain't looking for a one time thing  
Maybe I want four years and a ring  
Because it all don't feel the same  
When I'm looking for a one time thing  
I ain't looking for a one time thing  
Maybe I care if you're gone the next day  
Because it all don't feel the same  
When I'm looking for a one time thing

Well if you leave me now I guess I'm fine with that  
And it really don't help that she ain't called me back  
Cause I'll just bring it on back  
Back to square one  
Been going to this bar for too damn long  
And I ain't seen you once
