

# Treaty Of Paris, Hello Nurse

Chorus

You could be my nurse  
I'll be the patient  
You're saving  
Mouth to mouth recessitating

Call me crazy  
But I'm just a classic case  
It must be entertaining  
To see my try and use both brains

There's so much to say  
About the roles we play  
And there's so much at stake  
I want you in the worst way

Chorus  
Mouth to mouth recessitating

You can call me crazy  
But I like the way you taste  
Can I call you baby  
If I forget your name

There's so much to say  
About the roles we play  
And there's so much at stake baby  
(And all the kids sing at one time)

Chorus (2x)  
Mouth to mouth to mouth to mouth  
To mouth to mouth recessitating

When all hits me  
It might be the  
Greatest thing  
Since breathing  
When all you speak  
It might be the  
Greatest thing  
Since breathing  
Since breathing  
Since breathing  
Since breathing

Chorus  
I said  
You could be my nurse  
Mouth to mouth recessitating  
Mouth to mouth to mouth to mouth
