

# Treaty Of Paris, I'll Come Back

Say what you mean  
Please just say anything  
Cause darling  
Am on your side I  
And you're on mine  
Most of the time  
But need to know  
What's on your mind  
Your mind

So say you want me  
And nothing else  
Then for us to be  
Cause darling  
I know you love me  
And we'd be happy  
If I didn't leave you  
You

But I'll come back for  
I'll come back for you  
I'll come back for  
I'll come back for you  
You

If it's out of sight  
Then it's out of mind  
But I won't forget  
No I won't ever forget you  
Having you out of sight  
You'll be out of my mind  
And I couldn't forget you  
No I won't ever forget you

I'll come back for  
I'll come back for you  
I'll come back  
I'll come back for you

Because that's what my heart  
Tells me to do

Yeah that's what my heart  
Tells me to do
