

Treble Charger, Can't Wake Up

What's so wrong with me now
am i different somehow
don't feel like i'm quite the same
I got to thinking again
and i know i can't win
so i won't even play that game

Throw a drink in my face
if you have any taste
throw me down and erase my mind
kick me now that i'm down
try to knock me around
drive me into the ground this time

now that i've lost my place
i could really use more space

(Chorus)
I live in a daze
and i can't change and i can't wake up
don't know what to say
it's something strange that i can't make up

Somethings missing today
it's been taken away
won't let anything stay the same
all those nights in a row
can't be high when i'm low
i've got only myself to blame

I'm kind of feeling bruised and worn
Can't weather out this storm

(Chorus)

I'm not trying to make a statement
i'm trying to hang on
nothing to depend on
in moments i'll be go-ne

(Chorus)x2
