

# Treble Charger, How She Died

You got the best of me  
It didn't take so long  
The things you put me through  
Seemed to be so wrong

You did not lie  
In spite of your truth  
You said you'd try  
You can not prove it

I close my eyes  
I don't wanna find out how she died  
The fool is bright  
You can't expect to turn away tonight

You've seen the last of me  
Don't have to take my hand  
You shouldn't try so hard  
So hard to understand

I see the end  
It's waiting for me  
No time to spend  
To drown in moments

I close my eyes  
I don't wanna find out how she died  
The fool is bright  
You can't expect to turn away tonight

I can't stand to agonize  
On what I've lied, apologize  
You fall behind your sense of place  
It's anywhere and every way

I close my eyes  
I don't wanna find out how she died  
The fool is bright  
You can't expect to turn away tonight
