

Treble Charger, Tired Of It Anyway

Waiting for a hundred different things
that i know you could never bring
thinking bout the thousand times a day
you treat me like a throwaway

every time it's a lost cause sunday
turns around there's an ok monday
every time your not around it's like a holiday
i'm getting tired of it anyway

(Chorus)

Don't say it don't say it
cuz everything you ever say
is just another story
just save it and save it
just because u say the words
it doesn't mean your sorry

The moments never dull when i'm with you
but you never see the moment through
and all of this excitement wears me down
as much as all the runaround

What i'd give for a normal tuesday
already know what i'm in for wednesday
Every week your acts a little more passe
I'm getting tired of it anyway

(Chorus)

Everything you do
I can't trust it
everything you say
don't believe a word

Everything you do
I can't trust it
Everything you say
I don't believe a word

(Chorus)x2

Don't say it, don't say it
Just in case you change your story
Just save it and save it
Can't exchange your new found glory
Don't say it, Don't say it
Just because you say your sorry
Just save it, And save it
You can't change your story
