

Treble Charger, Wear Me Down

Say something clever
If you're conscious still
'Cause You know hearing bad news
Gives me such a special thrill
And I'm not here to save you
Watch your back or rearrange you

I don't know, even so
I wouldn't take on this
Oh no

And I don't know how
You can wear me down
In the blink of an eye
If I could just hold my ground
For a tenth of the time

Make me an offer
I can't really use
A one time factory clearance that I can't refuse
And I'm not here to save you
Watch your back or rearrange you
And nothing ever changes
You're still cynical and dangerous

I don't know, even so
I wouldn't take on you
Oh no

And I don't know how
You can wear me down
In the blink of an eye
If I could just hold my ground
Even half of the time

You never get the point so what's the use?
I'd never take that tone of voice with you
And we both know that that's not really true
It's not really true, so what's the use

And no ones going to save you
'Cause they can't rearrange you
And nothing ever changes
You're cynical and dangerous

So now you just wear my down
In the blink of an eye
If I could just hold my ground
Of a tenth of the time

So go ahead wear me down
I'm lost not found
You got me so tied and bound
I'm not quite sound

You wearing me down
Quit wearing me down
