

# Tree63, Foolishness

What wisdom hangs a man up on a tree  
As the only way to end my misery?  
What kind of thinking made the way to heaven hard  
A crooked journey down a straight and narrow path?

CHORUS

How can I make sense of this?  
I am living in Gods foolishness  
All the money and the power and the cleverness  
Of this world, defeated by foolishness  
Foolish things shame the kings  
What wisdom puts the prophet in a desert place  
Nobody to hear a single word he says?  
And what wisdom brings reward from suffering  
Where if I want to win I have to lose everything?

CHORUS

Cool water from a rock salvation from a Nazarene  
Dethroned for the unloved a cross in the heart of God

CHORUS

I reasoned myself to death but  
I was saved by foolishness  
All my big ideas made such a mess  
But Im clean now, saved from foolishness  
Foolish things made a king from a fool
