

Tree63, I Stand For You

Jesus, I stand for You
No matter what You lead me through
They will chase me out
And close me down
But Jesus I'll stand for You

I'll always stand
I'll always stand
I'll always stand for You (X2)

Jesus, I've stood my ground
When unbelief was all around
I have failed the sting
Rejection brings
But Jesus I still stand for You

I'll always stand
I'll always stand
I'll always stand for You (X2)

A time will come
When everyone
Will turn there eyes
On the Risen Son
But until that day, this world will turn away
And so I'll take Your hand - I'll always stand for You

Guilty of this grace
But You took my place
So Jesus, I'll always stand for You

I'll always stand
I'll always stand
I'll always stand for You (X2)
