

Tree63, The Glorious Ones

(when you hear the signal,
it will be Tree63 - exactly)

I am someone who got up again
I am someone unshakable
I have seen the earth spinning 'round
and now I understand

they used to keep you on the outside
Now you're the only survivor
you have spoken with the angels
and your face still shines
just like mine

CHORUS

We're The Glorious Ones
The Glorious Ones
forever in the sun,
We're The Glorious Ones

And tonight we are the strangers
in the darkness underground
we have eternal things in our hands
and tomorrow we rise
so wise

CHORUS (3X)
