

Trembling Blue Stars, Birthday Girl

You're far from me
Somewhere I can't reach
I'm hearing words
From a lonely galaxy

Faced with your sorrow
I'm feeling, I feel so
Helpless for I don't know
How to make you happy
How to make you happy

You're far from me
Somewhere I can't reach
I'm hearing words
Sad and clear from nowhere near

Faced with your sorrow
I'm feeling, I feel so
Helpless as I hope
You can make it back alone
You can make it back alone

I know that wishing
There was something
I could do
Is of no help to you
But all the same I do
