

# Trembling Blue Stars, She Just Couldn't Stay

Sometimes a dream with haunt me all day  
I walk around feeling something has changed  
I catch myself thinking you feel as I do  
Like somehow the dream is haunting you too  
But I know the longing  
Is mine and mine alone  
I keep forgetting  
That I'm in love with a ghost

The person you were  
I know you're not her  
She went away  
She went away

I still want to say  
"Why did you change?"  
When I know full well  
There's no need to tell  
The person you were  
I know you're not her  
She just couldn't stay

All of those letters of pain and love -  
Did we burn too bright, too bright to last?  
Were we destined always for a broken heart each?  
That we're now worlds apart  
Sometimes it seems

When I'm around you  
One thing becomes clear  
The person I think of  
Every day is elsewhere
