

Trent Monk, Find My Rest

I am so tired
Tears fall like rain
Today has quenched my fire
Worries eating up my brain
But I hold tight
To the last of me
Because I know in You
I'm gonna find my rest

(Chorus)

You are the way
The Truth the Life
And I'm gonna find my rest in You (Find my rest in You)
There's nothing left to say
I've made up my mind
I'm gonna find my rest in You (Find my rest in You)
Find my rest in You

Miles the storm
You've taken me
Wrapped in all my imperfections
You gave everything
You're never far away
Your love is so strong
You're watching over me

So I lay me down
On holy ground (yeah)
And I give You my best
Lord I know in You
I'm gonna find my rest

(Chorus)(3x)
