

# Trent Tomlinson, A Good Run

It was perfect timin'  
Both of us findin' what we needed  
Blind love was drivin'  
An' we both went divin' off the deep end  
But girl, now, lookin' back  
Went way too far just a little too fast  
An' that sure was fun  
Oh, but now it's done

They say all good things must end, an' we did  
But, baby, we sure had a real good time  
It was like a never-endin' weekend  
That we spent hopin' to find  
Our place in the sun  
Yeah, we sure had a good run

It was almost magic  
Girl, we almost had it all, didn't we  
It is what it was  
An' nothin' less just 'cause it couldn't be  
Had the love of a lifetime in no time at all  
Fell in in the winter, fell out in the Fall  
Oh, but that's okay  
Girl, it was great

They say all good things must end, an' we did  
But, baby, we sure had a real good time  
It was like a never-endin' weekend  
That we spent hopin' to find  
Our place in the sun  
Yeah, we sure had a good run  
That was a good run  
Sure was a good run  
That was a good run
