

Trevor Morgan, Fall Down

What can I say, that You've never heard
What can I offer You
And where can I go, that You've never been
That You won't lead me through

Take my words, hear my cry
Only You can satisfy

Fall down on me, drop me to my knees
Pour over me, deeper than the sea
Rain on me, with a love until I drowned
I need You to fall down

If I had one place, just one place to be
I'd be at Your feet
And if I had one prayer, I know what I'd pray
I'd ask You to fall down on me

Take my words, hear my cry
Only You can satisfy

Fall down on me, drop me to my knees
Pour over me, deeper than the sea
Rain on me, with a love until I drowned
I need you to

Take this prayer, hear my cry
Only You can satisfy

Fall down on me, drop me to my knees
Pour over me, deeper than the sea
Rain on me, with a love until I drowned
I need you to

Fall down on me, drop me to my knees
Pour over me, deeper than the sea
Rain on me, with a love until I drowned
I need you to fall down
I need you to fall down.
