

Trevor Morgan, Love Leaves It's Mark

He's working the crowd
He's twisting a prayer
The guy needs Your help to keep him on the air
Grandmother weeps watching for more
And fills out a check so she wont feel alone

Beware of saviors talk who about love
And bear no scars
Theres no way around it
Love leaves it's mark
Love leaves it's mark

Thomas had doubts
He wanted a sign
He knew how the heart confuses the mind
One look at the cross had taught him the truth
Love that is real is brand new with the proof

Beware of saviors talk who about love
And bear no scars
Theres no way around it
Love leaves it's mark
Love leaves it's mark

Look back on your life who is it you trust
Why dont you dare to quesiton their love
The true son of God who died in your place
Exposed every flaw so there'd be no mistake

Beware of saviors who talk about love
And bear no scars
Theres no way around it
Love leaves it's mark
Love leaves it's mark
Love leaves it's mark
Love leaves it's mark
