

Trey Songz, All The If's In The World

(Verse One)

It's still ringing in my ear
You screamin' out of here
And I can see it like it just went down
You walking out of there
I still see 'em on your face baby
So many tears
And I remember feeling like im bout to explode
I gotta get out of here

(Hook)

It's like my sun won't shine
It's like my ride don't roll
It's like the only one thing I love
Dont love me no more
It's like my right went wrong
It's like my ice gone warm
It's like the only one thing I love
Dont love me no more

(Chorus)

If I had just slacked up on my pimping
You'd be here with me
If I'd a stayed instead of dipping
You'd be here with me
If I'd a prayed instead of wishing
You'd still be here with me
But all the ifs in the world won't bring you back again

(Verse Two)

I wish that I could run that back
But in life you can't press rewind
'Cause the only way to fix this thang
Is to go back in time
'Cause if I had my way
Yesterday would be right now
Instead of fighting we'd be making love
Until the sun go down

(Hook)

It's like my sun won't shine
It's like my ride don't roll
It's like the only one thing I love
Dont love me no more
It's like my right went wrong
It's like my ice gone warm
It's like the only one thing I love

Dont love me no more

(Chorus)

If I had just slacked up on my pimping
You'd be here with me
If I'd a stayed instead of dipping
You'd still be here with me
If I'd a prayed instead of wishing
You'd still be here with me
But all the ifs in the world won't bring you back again
If I had just slacked up on my pimping
You'd be here with me
If I'd a stayed instead of dipping
You'd still be here with me
If I'd a prayed instead of wishing

You'd still be here with me
But all the ifs in the world won't bring you back again

(Verse Three)

If I could just hold my shawty
If I could kiss my shawty
If I could get my shawty back
If I could just see you baby
If we could talk then baby
I would have my lady back

(Chorus)

If I had just slacked up on my pimping
You'd be here with me
If I'd a stayed instead of dipping
You'd still be here with me
If I'd a prayed instead of wishing
You'd still be here with me
But all the ifs in the world won't bring you back again

(Hook)

It's like my sun won't shine
It's like my ride don't roll
It's like the only one thing I love
Dont love me no more
It's like my right went wrong
It's like my ice gone warm
It's like the only one thing I love
Dont love me no more
