

# Trial Kennedy, Song For Sense

Teaching isn't needed  
No teaching isn't needed  
It's on your own

Disbelief's created  
How positives has faded  
It's sung again  
Teaching isn't needed  
It's all your own

Unique to me i know i am  
Assessing what right do I have  
It's a modern day of, I've thought

Driving on and feeding on myself  
Set in a view that is colour blind, where's gray?  
It's my way of writing a song for sense  
Getting anxiety set in the older me  
Foreign end

No phobias are needed it's up to you to read it  
It's all my own  
Recipe to freedom  
So take it if you need them  
Don't run again

Unique to me i know i am  
Assessing what right do I have  
It's a modern day of, I've thought

Driving on and feeding on myself  
Set in a view that is colour blind, where's gray?  
It's my way of writing a song for sense  
Getting anxiety set in the older me  
Foreign end
