

Tribe, Abe Messiah

liberty this is our destiny
liberty this is our destiny
As long as we are keeping our dignity
As long as we are keeping our pride
we can all build a new history
we can all build a new history
feeling like something has set me free
knowing i belong in the tribe

i believe you and i
live together with the guiding light
abe mesaih eya
i'll be there for you night and day,
abe messaih eya
ohh ohh
just look this way

i can dream my heart is telling me
i can dream my heart is telling me
i can see this world of love and peace
i can bring the end of lies
we will find building together dream
we will find we can do anything
now is the time for us to celebrate
now is the time to realise

i believe you and i
live together in the guiding light
abe mesaih eya
i'll be there for you night and day,
abe messaih heya
ohh ohh
just look this way
