

Tricky, How High

Tricky & Costanza:

If I say jump jump

You say how high

Standing like a mannequin

Mannequins don't fly

Don't swim don't grin

Take it like a real man

Take it fake it

Then she ran

I try to show you

But I don't know you

I try to know you

But I can't grow you

Watch

See me how I fly fast

See me how I fly past

No time for rest separate

For the rest separate

For the rest now

Watch

See me how I fly fast

See me how I fly past

Please you will move quick

You're making me real sick

No go no chnace

I don't slow I don't dance

I try to show you

But I don't know you

I try to know you

But I can't grow you

Watch

See me how I fly fast

See me how I fly past

No time for rest separate

For the rest separate

For the rest now

Watch

See me how I fly fast

See me how I fly past

If I say jump jump

You say how high

Standing like a mannequin

Mannequins don't fly

Don't swim don't grin

Take it like a real man

Take it fake it

Then she ran

(2x)

I try to show you

But I don't know you

I try to know you

But I can't grow you
