

Tricky, Money Greedy

Trample on my
trample on my soul
kill me with a quickness
trample on my soul
kill me with a quickness
trample on my soul
Money greedy
money greedy
i trust you over all
the way you brake my heart
the way you trample on my soul
kill me with a quickness
kill me with a quickness
money greedy
i trust you over all
money greedy
i trust you over all
you trample on my soul
you trample on my soul
you trample on my soul
tricola-ola
donde este bien je t'aime je tombe
i be dead when i'm strong
tricola-ola
donde este bien je t'aime je tombe
i be dead when i'm strong
i love i fall
it's a crime how i crawl
i grin and bear it
you can't compare it
marathons of comparisons
the 't' to the 'r' to the 'icky'
you can't get close
brag then i boast
what have i got to boast about
ghetto traps didn't trap me, i got out
security social
standing in government lines
standing in government lines
standing in government lines
i takes what's mines
i takes what's mines
money greedy
i love you over all
money greedy
you trample on my soul
you trample on my soul
you trample on my soul
kill me with a quickness
i guess it's strictly business
kill me with a quickness
i guess it's strictly business
remember we used to sit in the brits
never won any awards
that's not what we used to look towards
money greedy
tricola-ola
donde este bien je t'aime je tombe
comparison, marathon
comparison
can't get close
brag when i boast
what have i got to boast about
ghetto traps didn't trap me, i got out

standing in government lines
take what's mines
tricola-bola
tricola-ola
i love you over all
you trample on my soul
i trust you over all
i trust you over all
