

# Tricky, Tear Out My Eyes

(White boy)

I said I'm bored

We have to kill the noise

She said "why don't you try boys?"

I said "No I'm-a get me a white girl"

'Cause it's a big white world

Her skin is milky and waxy

Now I can get a taxi

I said I'm bored, "We have to kill the noise"

He said "why don't you try girls?"

No I'm-a get me a white boy

So I can have some white joy

Skins milky and waxy

Now I can get a taxi

She said I'm bored

We have to kill the noise

She said "why don't you try girls?"

She said "No I'm-a get me a white boy"

She said "No I'm-a get me a white boy"

So I can have some white joy

Gimme a white boy

So I can have some white joy

Her skin is milky and waxy

Now I can get a taxi

Now we can get a taxi

Gimme a white girl

It's a big white world

Gimme a white girl
