

# Tricky, Who

Tricky :

Who want the chicken?  
It's f\*\*kin' finger-lickin'  
I'll be the baller  
Wishin' I was taller  
Yeah, you're makin' me look red  
Yeah, you just won't let

Nearly, nearly, nearly  
Nearly everyone needs something  
You can't tell me nothing  
Who wants December?  
Gonna run forget her  
Who needs effects?  
Who needs to pay for sex?  
When they drop the bomb  
(When they)  
Who will stay calm?  
Blood will spill  
Who would you kill?

Don't tell me nothing  
Everyone wants something  
Who wants to do this?  
We all grow up and be this  
Some may eat the people  
The apple and the people  
Some days, some days

Who like it chunky?  
Who has a little monkey?  
Who snorts coke?  
Who's flat broke?  
Who lie on the mic?  
Who likes the place?  
Who likes place on the little riddle?  
Fiddles want to fiddle  
and fraud and rob  
Hey diddle diddle

Split it down the middle  
Who's gonna last?  
Who's gonna blast?  
Yeah, yeah  
Yeah, yeah  
Yeah, yeah

Who's got a giggle?  
Who walks with a wiggle?  
Who kills people,  
steals and builds a steeple?  
Who's your crew?  
Who the f\*\*k you talking to?  
Yeah, yeah

Who sees your fists?  
I wanna walk down Bristol  
Who did the chunk?  
Who's fakin' the funk?  
Could you love?  
Could you love?  
Could you love?  
Or do you like flirtin'?

When it's around you kill it for certain

Who runs the station?

Who likes double penetration?

Who got the mark?

(Who's got the mark?)

Who lose hesitation?

Yet easing into winning

It's getting

for a little minute

It's new ways

It's what made us

Yeah, yeah

Yeah, yeah

Yeah, yeah
