1. Dont wanna to be misunderstood,
dont want to spend my lifetime
on your hopes
Dont wanna live my day in patience
this should be the end of expectations
Refren: You get rid of me and my solutions
no need for a helping hand of yours
Theres a new place for me, Im home
thats where I wanted to be: at home
Im out of your mind
and finally reached the shore where Im home

2. Musics loud, the tvs on
noone left who has to suffer from me
night turned to day and I got over
all the load and I do wonder how
Refren: You get rid of me and my solutions
no need for a helping hand of yours
Theres a new place for me, Im home
thats where I wanted to be: at home
Im out of your mind
and finally reached the shore where Im home

3. Its my place where Im home
and I slam the door, you enemies.
home!
Theres a new place for me, Im home
thats where I wanted to be: at home
Im out of your mind
and finally reached the shore where Im home
