Triinu Kivilaan, Now and forever

I remember when we were young and free Nothing could stop us we lived our life Our love was growing from day to day Now I cant believe it passed away REFREN: For now and forever youll be in my heart For now and forever just you III never forget all the things that we share moments we live in love Now Im standing here all alone Dont know what happened Our love was strong I cant understand why you gone Please tell me why on my own All these memories fill my mind Now and till the end of time - forever
