

Trina, Feels Good

This is a Trina, world premier

Feels good, push it, push it real good
Feels good, push it, push it real good
Feels good, push it, push it real good
Feels good, push it, push it real good

I ain't never been in love, but I must be.
'Cause you give me good sparks when touch me.
And it feels so good when you fuck me,
you make me come when you lick and you suck me, uh.
From the back you can ride me,
put that 'big ol' dick' inside me, uh.
Don't stop you makin' me hot,
hit it from the back now that's the G-Spot.

Now rock the boat, rock the boat.
Don't quite, don't stop the stroke.
You know this pussy good, now push it real good.

Feels good, push it, push it real good
Feels good, push it, push it real good
Feels good, push it, push it real good
Feels good, push it, push it real good

Yo body perfect, like 50.
Won't you come closer and kiss me?
If you wanna twerk it, get with me.
You got me , so come get me.
I wanna freak you, and you knowin' that.
If you throw it at me, Imma throw it back.
We can get buck wild to break the bed,
I wanna fuck you tonight,
don't me me beg uh.
You bringin' out the freak in me.
How'd you get your tongue so deep in me, uh?!
You know this pussy good, now push it real good.

Feels good, push it, push it real good
Feels good, push it, push it real good
Feels good, push it, push it real good
Feels good, push it, push it real good

This pussy, be grippin'
It's so god damn wet it be grippin'
This thing on yo ass, you'd be trippin'
When I give you this pussy whippin'
Start strippin', let's go,
take it from the head to the bed to the flo', whoa
We can get loose in the telli.
It's so 'hot in herre', ask Nelly!
Gimme what you got, don't stop.
Lay on yo back, let me put it on top, uh
You know this pussy good, now fuck me real good

Feels good, push it, push it real good
Feels good, push it, push it real good
Feels good, push it, push it real good
Feels good, push it, push it real good
