

Trina, I Got It

(JE)

Girl I got it

(Jermaine Dupri)

Shake shake it baby

Shake shake it

Shake shake it mama

Shake for JE

Let me see you

Shake shake it babay

Shake Shake it

Shake shake it mama

Shake for Je

Let me see you

(JE)

Now your girl said you, was out lookin for me

If so then you, need to come and see

If you ready for a night that you won't never forget

I'll give you pleasure and real love,

If you let me in

Baby tell me what it is you want from me

Don't beat around the bush, if you want my body

(Hook) (JE)

If you can want it, girl I got it, got it

Come and get with me

Girl I turn your body inside out, and bring exctasy

If you want it, baby come and bring your body to me

If you need it, girl I got it, got it, got, got, got, got it c'mon

(JE)

If you want me girl, you need to come with me

I've searched all around the world, finding you is like a dream

When we wake up, you won't feel the same about me

Cause you'll realize, your life won't be the same without me

Baby tell me what it is you want from me

Don't beat around the bush, if you want my body

(Hook) (JE)

If you can want it, girl I got it, got it

Come and get with meG

irl I turn your body inside out, and bring exctasy

If you want it, baby come and bring your body to me

If you need it, girl I got it, got it, got, got, got, got it c'mon

(Bridge)(JE)

Jus you, and me baby just bring your body, to me tell everybody, about me

Baby just move your body, around me, me, me

(Trina)

I need I hot thug that can handle it

Get in the hot tub with the candles lit

I got the crissy criss on the bucket of ice tonight

Like Biggy Smalls say we fuckin tonight

JE heartbreak make it flow better

Makin love on the bed full of rose petals

Just hold on tight cause my love is real

I'll make you feel exctasy without the pill

I wonder how many licks do it take

To make ya break and yo body shake

Let my inside out

Ride out

Spend a week in hawaii
Hide out
And if you want it You know that I got it
Give it to me daddy You know that I'm bout it
And if you throwin that shit I'ma do my thang
And throw the spit back at ya I like a boomerang

(Hook) (JE)
If you can want it, girl I got it, got it
Come and get with me
Girl I turn your body inside out, and bring ecstasy
If you want it, baby come and bring your body to me
If you need it, girl I got it, got it, got, got, got, got it c'mon
