

Trina, Wish I Never Met You

(feat. Shonie)

[Chorus:]

I wish I never met you boy
And it's killin me to know that I can't have you in my world
I wish I never met you boy
If I could turn back time, then I'd make it so that you were my boo
I wish I never met you boy
Everytime I'm with my man all I do is sit and think of you
Don't want to feel the way I feel about you

When we first got together I saw us chillin foreva
A lifetime bestfriend for worse or for betta
Then you switched up the weather, sunshine to clouds
I found a condom in your dresser and you know how we get down
You fuckin clown now I wish I never met you
I shouldve listened to mama she said you wasn't nothin special
So now it's to the left to the left and everything you owns on the porch, nigga step,
And tell me...

[Bridge:]

What would you do if you were in my shoes
Would you make it work or would you wanna choose
Between the one your love and between the one your with
Cause that's just how it is

[Chorus]

Maybe I'm trippin or I can't just figure you out
One night you say you love me, the next you flippin out
But you could bounce, you know I don't need a mans, look
I'm sorry I met you I can do bad by my damn self
I can; t let you disprespect me I'm a queen
And all my real boss chicks know what I mean
I bet you still trickin, you ain't learn your lesson
Now let me check your text messages
Now tell me...

What would you do if you were in my shoes
Would you make it work or would you wanna choose
Between the one you love and between the one your with
Cause that's just how it is...

[Chorus]

I picture me and you together
Everything about you make my whole body shiver
It's you that I want in my world
It's you that I adore
Said I picture me and you together
Everything about you make my whole body shiver
It's you that I want in my world
It's you that I adore

What would you do if you were in my shoes
Would you make it work or would you wanna choose
Between the one you love and between the one your with
Cause that's just how it is...

[Chorus]

Don't wanna think about it, no
If I could turn back time then I'd make it so that you were my boo,

Everytime I'm with my man all I do is think of you
