

# Tripping Daisy, Piranah

Keep thoughts high in the sky  
You're like a big kite  
that's flying from people  
who wanna keep you down,  
down in the crowds  
where they're always breakin' out  
Watch out for piranahs  
There's always piranahs  
Watch out for piranahs  
Ready or not  
like it or not  
here they come again  
It's a shame  
but you are just laughing  
People always want to keep you in the dark  
You're always a mess  
but you're always a step ahead of the crowd  
Watch out for piranahs  
There's always piranahs  
Watch out for piranahs  
So many times I have been late  
while feeling the breeze  
Tons of hopeless thoughts in me  
Now I'm free...  
And now I'm free!  
Watch out for piranahs  
You can be what you want  
It's a matter of time  
Prepare to be amazed  
You're flashing  
They're frowning  
You flash the clover leaf cheer  
It's a game  
You're winning  
There's always so many piranahs  
**WATCH OUT FOR PIRANAHS**  
there's always piranahs  
watch out for piranahs
