

Tripping Daisy, Raindrop

I feel it around me
I feel like a raindrop
I feel we're all washed out burnt out
I think it's a shame
I feel like we're dying on the needs of the people today
I feel like screaming at the world
I know it's a game called...
INSECURITY
insecure
INSECURITY
inseure
I feel like racing the wind
I feel like I'm flying
I feel that the people that surround me have all been blinded
I think I'll reach down in my soul and pull up what's hiding
It's these things inside of me
I share them with you cause
INSECURITY
insecure
INSECURITY
insecure
and as I tear down my bad habits
and you grab it
and you throw it out to see if someone tries it
and they like it
and we run together to figure it out
people always standing
and we're staring at what we thought was our best game
I feel it around me
I feel like a raindrop
I feel we're all washed out burnt out
I think it's a shame
I feel like we're dying on the needs of the people today
I feel like screaming at the world
I know it's a game called...
INSECURITY
insecure
INSECURITY
insecure
INSECURITY
insecure
INSECURITY
insecure
And as I tear down my bad habits
And you grab them
And you throw it out to see if it is you...
