

Tripside, Let's Go Down

I'm practicing the lines I want to say to you.
I'm just trying to find the courage to.
I'll try to make it right this time around.
And set things right between us...

Is that how you want to go down?
And is that how you want to go down?

So let's go down,
so I can breathe you in,
so I can breathe you in.

I never really wanted to argue.
It's always about the stupid shit you put me through.
But when I close my eyes, I think of you.
It's like your a part of me....
