

Trish Thuy Trang, Eternal Love

Love...Eternal love...eternal love

CHORUS

I'm wandering in a darker shadow.

Searching for a deeper love.

I'm asking if you really love me.

Talking to the skies above.

Eternal love, eternal love.

Eternal love, eternal love.

CHORUS

I'm wandering in a darker shadow.

Searching for a deeper love.

I'm asking if you really love me.

Talking to the skies above.

You and I, we can be as free living in eternity.

Freezing all of the cold good-byes,

one more night within the skies.

eternal love

CHORUS

I'm wandering in a darker shadow.

Searching for a deeper love.

I'm asking if you really love me.

Talking to the skies above.
