

Trish Thuy Trang, Faith In Ecstasy

(guy)
faith in ecstasy

(trish)
will u stand by my side?
will u fight through the night?
will u stay through tragedy?
if i gave you my life, if i stay by your side
will you promise to carry me?

(guy)
can a world of make believe
only two hearts are free
so come with me
ill take you to ecstasy
have no fear
you'll save your tear
so close your eyes and stay by my side

(trish)
all i need is your love
all i know is your trust
will you conquer the world for me?
meet me out at the night
take me into the light
live together in ecstasy
