

Trish Thuy Trang, Lonely Nights

Verse 1

Sometimes I feel so lost, so lonely.
I think of you you're not around me.
Sometimes I feel you're here beside me.
But all I see, long lonely nights for you and for me.

Chorus

Another lonely night just passing through.
Alone by the stars and moon.
Why can't you be the one, the one for me.
A love not meant to be.

Verse 2

Oh how I want to say "I love you" and hold you close.
I'll never let you go.
I miss the times we had together.
The radio playing our songs for you and for me.

Verse 3

Time after time I run to places, that we had been.
Brings back the memories.
Night after night would last forever.
Without you here there's so much love I have to give you.

Chorus

Repeat Verse 2

Lonely nights, lonely nights
