

Trish Thuy Trang, The Chase

"(Tell me what I can say to win your heart)
(Crossing over to you)

Why you gotta play it cool like that.
I saw your eyes keep looking at me (uh huh).
Yeah, I'm talking to you.
Put up a front but I see through you.

You must be crazy for thinking like that,
Caught you many times starring at me (uh huh).
Yeah I'm talking to you.
Why you gotta act like I'm a fool.

Round in a circle so many games.
Sooner or later I'll have my way.

Chorus
Cut to the chase because you show it, over and over.
You want to get closer to me and you know it.
So why don't you just make your move.
I've got all my love just waiting for you.

All your boys they've been telling me.
You went and told them you wanted me (uh huh).
Baby that's a fact.
Now tell me what you gonna do about that.

Even your friends they've been telling me.
You went around and asked for me (uh huh).
Now that I'm right here.
Say what to me, baby I'm all ears.

So tell me what are you running for?
Give me a sign and then I'll be yours.

Chorus 2x

Round in a circle so many games.
Sooner or later I'll have my way.
