

# Trisha Yearwood, I Want To Live Again

Kept my head in the sand so long  
It makes a heart real hard to find  
I've had enough of a love gone wrong  
To last a lifetime  
But tear drops on a lonely night  
Are never gonna make things right  
I've got to get out  
From under this cloud

I want to live again  
I want to laugh  
I want to love  
I want to roll those dice  
Gonna run the risk  
Do the dance  
Take a chance  
And let the heartache ride  
I want to live again

Gonna pull the curtains back  
Let a little moonlight in  
Run around in a Cadillac  
And feel the wheels spin  
And when I set my spirit free  
I know the past will rest in peace  
I don't care what I face  
'Cause whatever it takes

I want to live again  
I want to laugh  
I want to love  
I want to roll those dice  
Gonna run the risk  
Do the dance  
Take a chance  
And let the heartache ride  
I want to live again

Teardrops on a lonely night  
Are never gonna make things right  
I've got to get out  
From under this cloud

I want to live again  
I want to laugh  
I want to love  
I want to roll those dice  
Gonna run the risk  
Do the dance  
Take a chance  
And let the heartache ride  
I want to live again
