

# Trisha Yearwood, Where Your Road Leads

(feat. Garth Brooks)

I believe in miracles  
I believe in signs  
And I believe that mountains move  
One prayer at a time

If I could be an angel  
I'd make your every wish come true  
But I am only human  
Just a woman  
Lovin' you

Where your road leads  
I will follow  
When your heart bleeds  
I'll be there for you  
When your night grows dark  
And you can't find your tomorrow  
Then you can follow me

Someday we'll look back and see  
Our footprints in the sand  
Sometimes you would carry me  
And sometimes you'd be in my hands

If we can love forever  
That won't be long enough for me  
I want to hold you tender  
Be your shelter  
All you need

Where your road leads  
I will follow  
When your heart bleeds  
I'll be there for you  
When your night grows dark  
And you can't find your tomorrow  
Then you can follow me

Oh, we can be each other's guiding light  
Through this long and winding life

Where your road leads  
I will follow  
When your heart bleeds  
I'll be there for you  
When your night grows dark  
And you can't find your tomorrow  
When you've lost sight of your dreams  
Then you can follow me
