## Trisha Yearwood, You Can Sleep While I Drive

Come on baby, let's get out of this town I got a full tank of gas With the top rolled down There's a chill in my bones I don't want to be left alone So baby you can sleep while I drive

I'll pack my bag and load up my guitar In my pocket I'll carry my harp I got some money I saved, enough to get underway And baby you can sleep while I drive

We'll go through Tucson up to Santa Fe
And Barbara in Nashville says we're welcome to stay
I'll buy you boots down in Texas, a hat from New Orleans
And in the morning you can tell me your dreams
You know I've seen it before
This mist that covers your eyes
You've been looking for something that's not in your life
My intentions are true, won't you take me with you
And baby you can sleep while I drive

Oh is it other arms you want to hold you The stranger, the lover, you're free Can't you get that with me Come on baby let's get out of this town I've got a full tank of gas With the top rolled down If you won't take me with you I'll go before night is through And baby you can sleep while I drive
