

# Tristan Prettyman, Crazy

You know I love the way my hand fits in yours  
cause I've been down for so long and you're my cure  
but you're driving me crazy, completely crazy  
I cant get enough, cause you amaze me  
every time you look my way, I don't know what to say, to you...

now your breaking girls hearts like a habit  
like you lost all the trust in this world  
but maybe I have it  
tell me, what makes an ocean  
different from a sea  
what did you loose in her, that you found in me  
so long ago, so long ago  
you set me free

might as well be just as scared as you are  
cause who'd of thought we woulda made it this far  
but you've been f\*\*ked up every time  
so I guess, really you were never mine

cause baby  
you cant find me  
you cant deny me  
when you look at me  
you look past me  
and you lost me  
completely

but still I love the way your eyes look in mine  
and its too bad we can feel this way all the time  
cause the breath between our lips  
when we kiss  
is something I hope I never have to miss  
but your driving me crazy  
completely crazy  
every time

I'm looking at you but your looking at her  
I guess I was blind, cause you always were  
you've already given up on me  
so long ago, so long ago, you set me free
