

# Tristania, Lost

Hard...  
I'm harder than the life I've lived  
Strong...  
I'm stronger than the pain you give  
It's lost...  
So lost  
The world you're in  
The life you live  
I see the lies  
The darkside of the smiles you give

I'm one  
I'm anyone you like me to be  
I'm gone  
Whenever you would like to be free

Old...  
I'm older than the years I've lived  
Cold...  
I'm colder than the smile you give  
My life has been the dreams you say I'm living in  
How long will you be lost, my dear  
When will you give in?
