

# Tristesse De La Lune, Soulhunter

He is collecting pictures  
Too much faces without names  
He knows who you are  
He knows where you are

You are protected by hope  
There's no time to hide  
He needs you to be

We're all protected by hope  
There's no place to hide  
He needs us to be  
(He needs us to be)

He is collecting your souls  
Souls without faces  
He knows who you are  
He knows where you are

You are protected by hope  
There's no time to hide  
He needs you to be

We're all protected by hope  
There's no place to hide  
He needs us to be  
(He needs us to be)

He needs us to be

You are protected by hope  
There's no time to hide  
He needs you to be

We're all protected by hope  
There's no place to hide  
He needs us to be  
(He needs us to be)

He needs us to be  
(He needs us to be)  
He needs us to be
