## Triumph, Allied Forces

I've got something on my mind I want you to know Rock troops are on the move It's startin' to show Paratroopers everywhere Can't you see Strategic weapons Are something we don't need

## **CHORUS:**

Allied Forces in every nation Allied Forces gonna take control Allied Forces of my generations Allied Forces of rock 'n' roll

Youth culture in overdrive Mass frustration
Too much, too little, too late Class alienation
Denim armies working
Consolidate the might
War games, maneuvers
Rehearsals in the night

## **CHORUS**

I've got something on my mind I want you to know Rock troops are on the move It's startin' to show Paratroopers everywhere Are ready to fight We're mobile allies Marchin' every night

## **CHORUS**
