

# Triumph, Magic Power

Something's at the edge of your mind  
You don't know what it is  
Something you were hoping to find  
But you're not sure what it is  
Then you hear the music  
And it all comes crystal clear  
The music does the talking  
Says the things you want to hear

I'm young, I'm wild and I'm free  
Got the magic power of the music in me  
I'm young, I'm wild and I'm free  
Got the magic power of the music in me

She climbs into bed  
She pulls the covers overhead  
And she turns her little radio on  
She's had a rotten day  
So she hopes the DJ's  
Gonna play her favorite song

Makes her feel much better  
Brings her closer to her dreams  
A little magic power  
Makes it better that it seems

She's young now, she's wild now, she wants to be free  
She gets the magic power of the music from me  
She's young now, she's wild now, she wants to be free  
She gets the magic power of the music from me

You're thinking it over  
But you just can't sort it out  
Do you want someone to tell you  
What they think it's all about  
Are you the one and only  
Who's sad and lonely  
You're reaching for the top  
Well, the music keeps you going  
And it's never gonna stop  
It's never gonna stop  
It's never gonna, never gonna, never gonna, never gonna stop

The world is full of compromise  
And infinite red tape  
But the music's got the magic  
It's your one chance for escape  
Turn me on, turn me up  
It's your turn to dream  
A little magic power  
Makes it better than it seems

I'm young now, I'm wild now, I want to be free  
Got the magic power of the music in me  
I'm young now, I'm wild and I'm free  
Got the magic power of the music  
I got the music in me

I got the power  
I got the magic  
She's got the power  
She's got the magic  
She's got the power  
She's got the magic

She's got the power  
She's got the magic
