

# Triumph, Play With The Fire

I see the passion that burns in your eyes  
And I feel the spirit inside of me rise  
When it starts in me  
In the heart of me  
There's a part of me burning tonight

PRE-CHORUS:

When she calls to you, no matter what you do  
She'll be claiming you,  
Taking you higher and higher

CHORUS:

Play with the fire  
With a hunger that runs in your soul  
Burning desire  
Is taking you out of control  
There's no fighting it  
No denying it  
Something's inside of us  
Driving us closer tonight...into the fire  
Time marches on, but love never dies  
The risks that we run will keep it alive  
She will come again (2nd time - Here she comes again)  
Like a burning flame  
And you can't stop the pain of desire,  
When she calls to you...

PRE-CHORUS

CHORUS

Here's she comes again  
Like a burning flame  
And you can't stop the pain of desire,  
When she calls to you...
