

Triumph, Running In The Night

Late in the evening
Emotions running wild
The shivers in your fingers tell no lies
I know I make you crazy
I don't want to break your heart

CHORUS:

Bout ooh, ooh come with me girl
Running in the night
Tonight
Stay with me until the morning light
Tonight
I can feel the passion burning
Tonight
Time goes on and on
Until the well runs dry
Waiting won't turn water into wine
Stand still for a moment
And you're frozen for all time

CHORUS

Ooh, ooh girl come with me
Tonight
We'll make the fire grow
Listen to the sirens in your soul
Tonight
