

Triumvirat, Twice

Im a dual expose
I'm stereophone
Oh my soul is a siamese twin
I'm a schizoid product
Of this society
With two brains humming
And controverse ideas
(Chorus)
I'm twice - Did you ever see me single
I'm twice - I'll never be on my own
I'm twice - Permanently in silent conversation
I'm twice - The hell of a combination
I'm twice - Unable for any relation
I'm twice - There's always someone,
Whispering in my ears
I'm twice bitten
And once shy
My situation commits frustration
The reflection in the mirror is no illusion
I'm simply two faced
Longing for the fusion
(Chorus) Im twice - ...
The reflection in the mirror
Is no illusion
I'm simply two - faced
Longing for the fusion
(Chorus) I'm twice - ...
In my ear
Twice - Twice - Twice
It's nice to be twice
