

Trixter, Only Young Once

Look in the mirror and say
Where am I going?
And you feel you've lost everything and that you've
got to give
Sometimes you wanna give it up
But you know that you won't
Love of what you do,
It's calling from above sayin'
ooh, you've got that look in your eyes
And Ooh everything's gonna be alright
Ooh, you've got to try for higher yeah yeah

Your parents think you live in a
fantasy world
Where dreams are things
That never come true for you
But you don't care
Cause you know that
There ain't no doubt
It's the risk you takin'
The break you'll be makin'
That's what your all about

Yea, I can feel it
And it's calling out your name
Now the time has come
For you to win the game

Cause you've got
One dream is runnin'
Through your mind
And you ain't giving up
'til you cross that line
It's now or never
Cause you're
Only young once
One dream is all that it takes
The struggles on 'til you get your break
And it's now or never
Cause you're only young once
In your life
In your life
Well it's your one shot baby
You're Only Young Once
Only Young Once
Yeah Yeah Yeah Yeah

Yeah I can feel it
And it's calling out your name
Now the time has come
For you to win the game

Cause you've got
One dream is runnin'
Through your mind
And you ain't giving up
'til you cross that line
It's now or never
Cause you're
Only young once
One dream is all that it takes
The struggles on 'til you get your break
And it's now or never
Cause you're only young once

Cause you're
Only Young Once

You hear it all around you
Everywhere you go
Say boy, you better keep in step
Play by the rules

I can be anything
There ain't nothin' i can't do
Well it's just me, my life and the truth
And I don't care what they say

Only Young Once
Only Young Once
Only Young Once
Only Young Once
