

# Trnqvist Rebecka, One Hour Drive

(Trnqvist/Svenre)

It's a one hour drive from here to heaven  
the smoothest road, the finest weather  
The stars are out to guide me and lead me the way  
It's a one hour drive from rain to sunshine  
the coolest breeze the sweetest moment  
since when you first appeared and changed my water to wine  
I don't understand this change of heart  
I thought we were supposed to stay apart  
What's new, I don't care to know  
I just thank the gods for helping me so  
'Cause it's a one hour drive from blues to lovesongs...  
solo  
I don't understand...  
'Cause it's a one hour drive from blues to lovesongs  
No questions asked, they'll all be bygones  
I know my love is just one hour drive away  
I know my love is just one hour drive away
