

Trophy Scars, An Introduction. All Introductions.

We'll cut an album, right?
And if these critics want to fight I'll fight.
Even though I got my hands tied tight,
It makes my wrists so itchy and it's hard to write
And I know my alphabets I said all the right words
But I still have regrets.
These scarlet letters man
Ambiguous accomplishments achieving anthems
so I said...
I said...
I said...
I said...
