

# Trout Fishing In America, Lullaby

Close your eyes  
And I'll sing you a song

Lullaby  
Sleep until the dawn

The crickets serenade  
Echoes softly through the night

The stars are on the lake  
And the moon is shining bright

Don't worry  
I'll leave the light on in the hall  
Just go to sleep now close your eyes

Close your eyes  
Listen to my song

Lullaby  
Sleep until the dawn

The birds are in their nest  
And the cows are in the barn  
The covers on your bed  
Will keep you safe and warm

Don't worry  
I'll be beside you should you fall  
Just go to sleep now close your eyes

Dragons in the sky  
Flying with their golden treasure  
And if you catch your eye  
Wishes granted more than you can measure

I'll be beside you should you fall  
Just go to sleep now close your eyes

The crickets serenade  
Echoes softly through the night  
The stars are on the lake  
And the moon is shining bright

Don't worry  
I'll leave the light on in the hall  
Just go to sleep now close your eyes  
Just go to sleep now close your eyes
